

Logilife
HEALTHCARE FURNITURE

FURNITURE THAT RAISES THE BAR FOR LONG-TERM CARE SETTINGS

Logilife offers long-term care facilities furniture that meets the sanitary needs of the health care sector. Its features enable residential institutions to welcome residents in a safe, clean and contemporary environment. Logilife's various collections are sure to create a warm and stylish space in addition to offering seniors and their families comfort and peace of mind.

ADAPTED TO SENIOR LIVING

The Logilife product line supports the needs of seniors with diminishing autonomy in the comfort of their living space. Combining ergonomics, durability, versatility and easy maintenance, Logilife furnishings fit today's environments. In addition to its line of bedroom furniture, Logilife also offers furniture adapted for nursing stations that makes it easier to provide specialized care.

WARM AND INVITING ADAPTED PATIENT ROOM FURNITURE

Health care professionals and managers of hospitals and long-term care facilities were reunited around a common objective: to create aesthetically pleasing bedroom furniture that would meet the sanitary needs of the health care sector while creating comfortable and inviting living environments. The Logilife series of bedroom furniture brings to mind the warmth and coziness of home to foster residents' happiness and comfort.

FUNCTIONAL AND FLEXIBLE PATIENT ROOM FURNITURE

Logilife bedroom furniture offers hospital patients a modern and functional environment that is designed for people's day-to-day needs and supports staff in their daily tasks. Logilife's dedicated and flexible development team worked hard to offer the very best: high-quality products adapted to the needs of the health care sector's new reality.

OPTIONAL CLEANING SPACE

ILLUSTRATED IN WHISPER ELEPHANT
ANTOMICROBIAL VINYL

Logilife's seats come with a vinyl moisture barrier and aerators that cover, and protect the underside of the seat. This easy to clean surface protects the chair from liquids and allows air circulation to the cushion.

To prolong Logilife's seats longevity, an optional clearance space between the backrest and seat cushion can be specified to facilitate cleaning and maintenance.
