A distinguished reception unit with a superior finish.

With its incredibly soft surfaces and impeccable finish, Monochrom stands out as the ideal choice for luxurious reception areas.

The Monochrom collection makes no compromise on excellence, using top-quality materials for details of an unmatched precision.

The perfection of contrasts: between modernity and natural warmth.

Because a reception area should be as inviting as it is impressive, the Monochrom reception features wood inserts that warm up its sleek design. Combining the softness of ultra-matte surfaces with the natural richness of wood, it creates a striking contrast that catches the eye and invites interaction.
