Our social responsability

At Logiflex, we have chosen to be a responsible North American manufacturer by implementing initiatives for sustainable development. As much as possible, we source local materials and partner with suppliers who prioritize clean manufacturing processes. We also consolidate goods during transport to reduce ou fuel consumption and we continually make changes that help reduce our waste production.

The company is ISO 9001 certified.

You can consult our eco-responsible approach as well as all our certifications in the Certifications section of our website. Find out how our products can help you obtain LEED credits and the Logiflex products that are Indoor Advantage Gold certified.

Conditions of Sale

Prices

The amounts listed in this document are suggested retail prices and may be changed without notice. Applicable taxes are not included. If you have an open and active account with Logiflex, merchandise will be invoiced at the prices prevailing at the time of shipment. A deposit may be requested if the opening of your account has not been completed or if your account has become inactive.

Terms of Payment

Net 30 days F.O.B. Sherbrooke, Quebec. The invoice will be assigned the shipping date and is payable 30 days from that date. Logiflex remains the owner of the merchandise until the invoice is paid in full.

Customized Products (Special Items)

Price requests for customized products or special items can be submitted via the "Member Zone" section of our website, at www. logiflex.ca. Our quotations department will study your request and send you a quotation and a technical drawing for approval as soon as possible. Modifications to quotations or technical drawings can be requested the same way. The approved quotation(s) and technical drawing(s) can then be attached to your purchase order.

Orders

An official purchase order must be issued for all purchases. Your

purchase order must contain the following information:

- Your company letterhead
- Your reference number
- The delivery address (with contact name, email and phone number)
- The complete product codes
- Furniture colour(s)
- Quantities
- Descriptions
- Retail prices and net prices
- Project registration number (if applicable), and your approved quotation and technical drawing (for special items).

Please note that a quotation cannot serve as a purchase order.

Returns

All returns must first be approved by Logiflex. If the return is accepted, a Logiflex customer service representative will send you an official return authorization form in order to facilitate procedures between you, the carrier, and the Logiflex merchandise reception clerk. Additional costs for shipping or other expenses may be applied following any merchandise returns.

Modifications and/or Cancellations

You have 48 hours from the time we acknowledge receipt of your order to make any requests for corrections or modifications. You may cancel your order during this same 48-hour period. If you would like to modify or cancel your order after this 48-hour verification period, please check with a Logiflex customer service representative. Orders cannot be changed or cancelled if production has already begun or if Logiflex has already received the raw materials.

Liability

Logiflex's liability ends once the carrier has delivered all items in good condition. A delivery receipt signed by the customer acknowledges that the shipment is complete and has been received in good condition.

Claims

Logiflex recommends inspecting the shipment before signing the carrier's delivery receipt. You must notify Logiflex of any incomplete shipments or damaged furniture within 30 days after delivery. Requests to replace damaged products can be made via the "Member Zone" section of our website, at www.logiflex.ca. Our after-sales service department will examine your request and help you correct the situation.

Changes

Logiflex reserves the right to make changes to the materials, accessories, components, specifications and designs, and to discontinue collections and/or models, at any time and without prior notice.

Storage and/or Shipping Fees

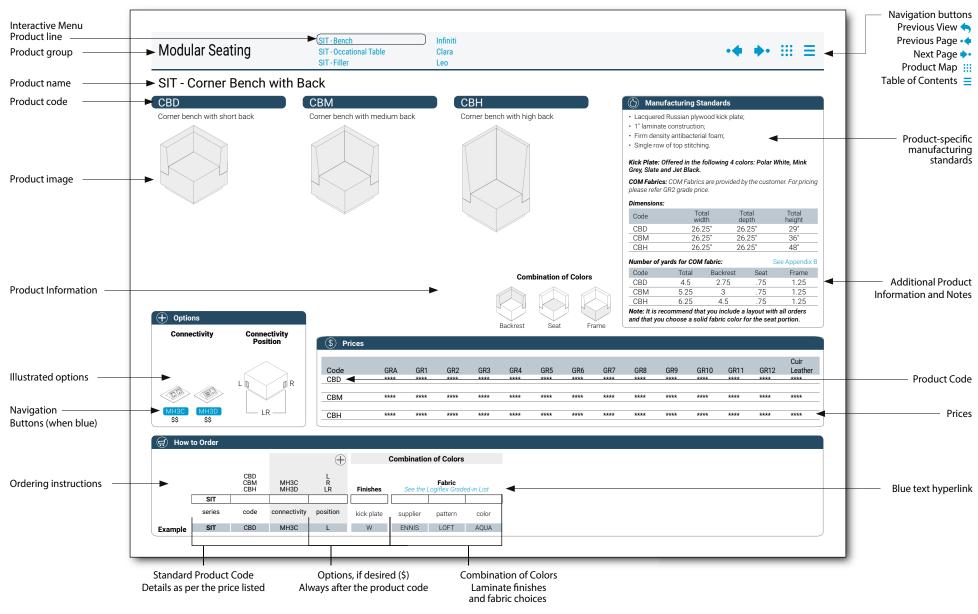

According to the terms Logiflex set forth in the transport policy. The transport policy can be consulted online in the Private Space.

Warranty

Logiflex guarantees to the original purchaser that Logiflex products are free from defects in design, materials and workmanship for the product's lifetime, with certain exceptions.

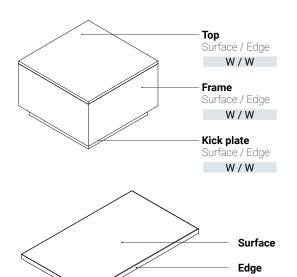

You may consult the full warranty on the website: **Logiflex Warranty**

How to Use the Price List

Appendix A: Colors and Finishes

How to specify your laminate colors

The edge is always the same color as the laminate surface color.

SIT Stretching Upholstery

To know which fabrics have been approved to be used in the SIT collection, refer to our **Upholstery Guide**.

^{*} Non recommended color for work surfaces.

Colors may vary from 2% to 5% between tfl and hpl laminates due to different technical applications.

See our complete Colors & Finishes Guide

New

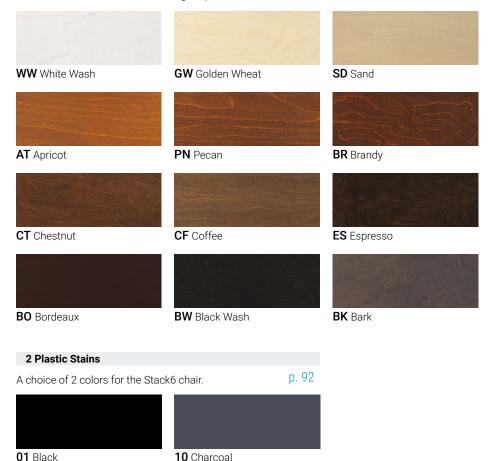

^{**} For conference tables with 2 or more parts, we do not recommend the use of colors with irregular and contrasted woodgrain like Chiffon, Audacity or Coastal Pear as it results in a pronounced wood grain mismatch.

Appendix A: Colors and Finishes

12 Wood Stains

Logiflex offers varnish and stain selection among the following 12 colors on all wood applications. The selection available may vary depending on the collections: please refer to the product pages for the selection available by collection. For example, the wooden Madrid chair is only available in Golden Wheat.

Knots and color variation can occur between different wood components of the same piece of furniture, or between different pieces of furniture. This variation is due to the natural characteristics of the wood, and is more contrasting for pale wood colors like Golden Wheat.

Appendix B: Upholstery Specification

Logiflex offers two options for upholstery specification:

Option 1:	Customers may specify an upholstery from any supplier. Logiflex will then confirm upholstery grade and seat cost.
Option 2 :	Customers may select and purchase upholstery of their choice and ship upholstery to Logiflex (COM)

Option 1: Specified Upholstery

Customers may consult the websites of our principal suppliers to visualize their complete product range. It is then possible to consult the graded-in list available on Logiflex.ca to be informed of the appropriate Logiflex grade.

Website of the upholstery supplier gives essential information to the maintenance, availability, quality and performance of the selected upholstery. In all cases, the upholstery supplier's warranty will apply.

Information to provide with the order:

Customer name Purchase order number Upholstery supplier name Pattern name/number Color name/number Number of yards to order

Principal suppliers:

Momentum Textiles themomgroup.com
Ennis Fabrics ennisfabrics.com
Maharam maharam.com
Designtex designtex
Mayer Fabrics mayerfabrics.com

See our Graded-In Program at:

logiflex.ca/medias/documents/logiflex-graded-in.pd

Graded-in List:

Seat cost depends of selected upholstery. Grade is not established according to upholstery quality or performance, but to its purchase cost. In order to help customers researches, a graded-in list presenting the entire collections od Logiflex's principal suppliers has been prepared. It is possible to consult Logiflex graded-in list by visiting logiflex.ca

Note: The graded-in list is based on information at time of the publication of this document. As upholstery suppliers can discontinue products or increase their prices at their discretion, this list communicated for information purposes only and can not be considered as a sale commitment by Logiflex.

Option 2: Customer's Own Material (COM)

Logiflex offers the option of providing your own upholstery. The price will be based on the cushion grade 2.

Orders with a COM fabric must be written clearly and indicate the color, pattern, width of the fabric and the manufacturer or distributor. The customer is responsible for providing a 12" x 12" sample to Logiflex for approval of the upholstery and the COM Fabric Sample - Approval Form. Furthermore, Logiflex reserves the right to refuse any upholstery that does not meet Logiflex selection criteria.

COM fabrics must be delivered to the Logiflex factory with freight and duties paid. For COM orders, the order's delivery date is set once Logiflex has received all fabric rolls required for production, following sample approval. All charges to COM acquisition on the customer's behalf will be passed onto the customer.

Logiflex does not assume responsibility for upholstery availability, quality, perfomance or appearance. In addition, the Logiflex warranty excludes customer's own materials.

Consult Logiflex's Upholstery Guide for more details.

COM upholstery delivery:

The following information must be included with the COM upholstery delivery and be communicated to the account manager along with the purchase order:

Customer name Purchase order number Upholstery supplier name Pattern name/number Color name/number Number of yards delivered

COM Fabric Sample - Approval Form

Shipping address:

Logiflex Attn: Receiver 1235 St-Roch North Road Sherbrooke Quebec Canada J1N 0H2

Note: A late reception of fabric may cause delivery delays.

Upholstery Quantities:

The quantities of fabric yardage to order for each piece of furniture is indicated in the "Manufacturing Standard" section on the product page indicating the amount of yards required.

Where this option is available, you will see the following table in the "Manufacturing Standard" section on the product page indicating the amount of yards required:

Example:

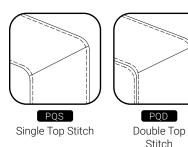

Number of yards for COM fabric:

Code	Total	Back	Seat	Frame
BD	3.25	1.25	2	1.25
BM	3.5	1.75	2	1.25
BH	4	2.25	2	1.25

Appendix B: Upholstery Specification (continued)

Seams

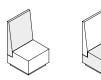

Different top stitchings are available for different armchair models.

Combining Fabrics

Different fabrics can be specified for the bench and back of the same seat at no extra cost.

Where this option is available, you will see the **Combination of Colors** indicator illustrations.

Example:

Backrest: ENNIS / BALANCE / #9009 GR1 Seat: ENNIS / ORNAMENTAL / #302 GR3

The price will be that of the highest-grade fabric chosen.

Application of Upholstery

Application of upholstery will follow the directional orientation of its pattern. Explicit instructions must be given to the customer's account manager if a specific direction is desired. Logiflex will not be responsible of problems related to upholstery direction or positioning unless formal instructions has been given along with the purchase order.

Instruction references:

Up the Roll Railroaded (across the roll)

Leather

All leathers used are "cowhide".

Please note that the warranty does not apply on leather's natural imperfections, such as: scars, marks, and difference in stain within a leather skin or different skins. This specification also applies for standard leather GR5 and Italian leather GR7 and up.

Polyurethane foam

The polyurethane foam used in the manufacturing of our armchairs is antibacterial.

Different densities exist and will vary from one armchair model to the other. Medium-density foam is used for back and seating parts, while the firmer-density foam is used for armrest parts.

CAL 117 Flammability standards

The foam used meets or exceeds the flammability standards of the California Technical Bulletin 117 norms.

CAL 133 Flammability standards

It is possible to order chairs or soft seating that comply with the technical bulletin California 133 (CAL 133) used primarily in public buildings without sprinkler systems. In order to be compliant, the fabrics must be certified CAL 117 and a fire blocking material, which prevents fire from spreading, must be installed under the fabric by Logiflex.

To obtain a certificate from an independent laboratory, you must pay the price of the compliant product to be tested plus a cost to cover the transportation, testing and the issuing of the certificate

Customers interested in ordering a CAL 133 compliant product are encouraged to contact customer service for pricing and instructions.

Appendix C: SIT

Manufacturing Standards

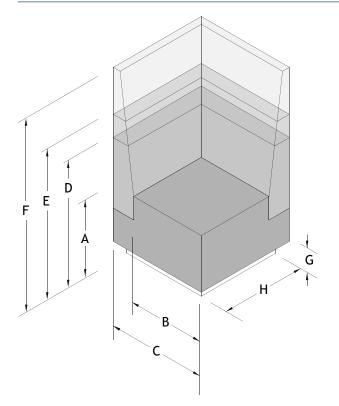

Levelers

All modules with a kick plate sit on white nylon levelers.

Fasteners

All modules with a kick plate can be joined to other modules with a fastener (not included), see p. 138.

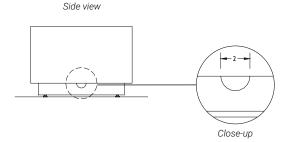

Dimensions

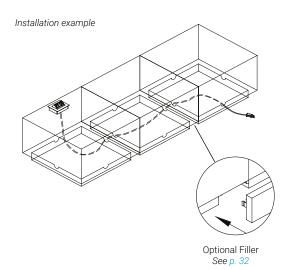

- A. Bench height 18" * 20-3/4" * B. Bench depth to back 26-3/4" * C. Bench depth to panel 29" D. Short back height 36" E. Medium back height 48" F. High back height (Angle of back 8°) 3-1/2" G. Kick plate height 22" H. Kick plate width
- * Dimensions may vary depending on selected fabric thickness.

Wiring Management

All kick plates include a half-round machine-cut on all four sides for feeding cables from one module to the next.
