Introduction

Our social responsibility

At Logiflex, we have chosen to be a responsible North American manufacturer by implementing initiatives for sustainable development. As much as possible, we source local materials and partner with suppliers who prioritize clean manufacturing processes. We also consolidate goods during transport to reduce our fuel consumption and we continually make changes that help reduce our waste production.

The company is ISO 9001 certified. You can consult our eco-responsible approach as well as all our certifications in the [Certifications](#) section of our website. Find out how our products can help you obtain LEED credits and the Logiflex products that are Indoor Advantage Gold certified.

Conditions of Sale

Prices

The amounts listed in this document are suggested retail prices and may be changed without notice. Applicable taxes are not included. If you have an open and active account with Logiflex, merchandise will be invoiced at the prices prevailing at the time of shipment. A deposit may be requested if the opening of your account has not been completed or if your account has become inactive.

Terms of Payment

Net 30 days F.O.B. Sherbrooke, Quebec. The invoice will be assigned the shipping date and is payable 30 days from that date. Logiflex remains the owner of the merchandise until the invoice is paid in full.

Customized Products (Special Items)

Price requests for customized products or special items can be submitted via the ["Member Zone"](#) section of our website, at www.logiflex.ca. Our quotations department will study your request and send you a quotation and a technical drawing for approval as soon as possible. Modifications to quotations or technical drawings can be requested the same way. The approved quotation(s) and technical drawing(s) can then be attached to your purchase order.

Orders

An official purchase order must be issued for all purchases. Your purchase order must contain the following information:

- Your company letterhead
- Your reference number
- The delivery address (with contact name, email and phone number)
- The complete product codes
- Furniture colour(s)
- Quantities
- Descriptions
- Retail prices and net prices
- Project registration number (if applicable), and your approved quotation and technical drawing (for special items).

Please note that a quotation cannot serve as a purchase order.

Returns

All returns must first be approved by Logiflex. If the return is accepted, a Logiflex customer service representative will send you an official return authorization form in order to facilitate procedures between you, the carrier, and the Logiflex merchandise reception clerk. Additional costs for shipping or other expenses may be applied following any merchandise returns.

Modifications and/or Cancellations

You have 48 hours from the time we acknowledge receipt of your order to make any requests for corrections or modifications. You may cancel your order during this same 48-hour period. If you would like to modify or cancel your order after this 48-hour verification period, please check with a Logiflex customer service representative. Orders cannot be changed or cancelled if production has already begun or if Logiflex has already received the raw materials.

Liability

Logiflex's liability ends once the carrier has delivered all items in good condition. A delivery receipt signed by the customer acknowledges that the shipment is complete and has been received in good condition.

Claims

Logiflex recommends inspecting the shipment before signing the carrier's delivery receipt. You must notify Logiflex of any incomplete shipments or damaged furniture within 30 days after delivery. Requests to replace damaged products can be made via the ["Member Zone"](#) section of our website, at www.logiflex.ca. Our after-sales service department will examine your request and help you correct the situation.

Changes

Logiflex reserves the right to make changes to the materials, accessories, components, specifications and designs, and to discontinue collections and/or models, at any time and without prior notice.

Storage and/or Shipping Fees

According to the terms Logiflex set forth in the transport policy. The transport policy can be consulted online in the Private Space.

Items Delivered Disassembled

Some items are delivered disassembled, such as tables, secondary desks and bridges.

Warranty

Logiflex guarantees to the original purchaser that Logiflex products are free from defects in design, materials and workmanship for the product's lifetime, with certain exceptions.

You may consult the full warranty on the website: [Logiflex Warranty](#)

Introduction

Manufacturing Standards

Product Dimensions

For display purposes, the furniture dimensions represented in the price tables on each product page are rounded to the nearest whole number.

Tables and Desk Tops

Tops are made of 1" thick laminate or Monochrom high pressure laminate, the interior of which is engineered with 45-lb / ft³ industrial grade engineered wood.

Wood Pieces

Cherry wood is used for all wood components. A selection of 12 varnish and stain colors are offered for all the pieces of wood. Please refer to the . When a wood color is chosen, all the wood elements will be the same color, the legs, the modesty, the apron and the wood inserts with grommets.

Handles

As a standard, all fronts and doors in the Volt collection have integrated wood handles with knife edge. For independent pedestals and cabinets, the wooden handle is positioned horizontally on the top of the front or door. For single door wardrobes and cabinets, the wooden handle is vertical on the opening side. It is possible to change the wooden handles for Logiflex's H071 and H072 handles.

Grommets

The wood inserts with grommets consists of a wooden slat inserted the full depth of the table and pedestal tops. They can be positioned on the left, right or both sides.

Wood Apron

The wooden apron is 3 1/2" from the edge, and measures 2-1/2" high.

Modesty Panels

The modesties are composed of lightweight honeycomb board panels comprised of 2 recycled wood fiber panels. They are available in 2 choices of materials: in cherry wood with the same selection of colors as the wood pieces and in felt. See [Appendix A](#) for further details.

Pedestal Tops

Tops are made of 1" thick laminate or Monochrom high pressure laminate, the interior of which is engineered with 45-lb / ft³ industrial grade engineered wood. Tops allow the flexibility to configure independent pedestals, cabinets, legs and backs. Depths are made to match the 20" and 24" pedestals and cabinets. The length will be determined by the independent pedestals and cabinets that are chosen.

Locks

A lock can be added as an option. They are offered in Satin Nickel and Black finishes.

Drawers

All drawer interiors are constructed of 7/16" black panels and all drawer bottoms are made of 1/8" masonite panels.

Drawer Fronts

As a standard, all fronts and doors in the Volt collection have integrated wood handles with knife edge on the pedestals.

Wood Grain

Wood grain runs lengthwise on surfaces and vertically on drawers, doors and legs. See [Appendix E](#) for further details.

Levelers

All freestanding furniture sit on 1" in diameter, white nylon levelers, allowing for up to 1-1/4" height adjustment.

Support Bars

The support bar is centered at 12" to the visitor side of the top is included (see the manufacturing standards of the desk).

* Non recommended color for work surfaces.

** For conference tables with 2 or more parts, we do not recommend the use of colors with irregular and contrasted woodgrain like Chiffon, Audacity or Coastal Pear as it results in a pronounced wood grain mismatch.

Colors may vary from 2% to 5% between tfl and hpl laminates due to different technical applications.

See our complete [Colors & Finishes Guide](#)

N New

Introduction

Appendix A: Colors and Finishes

12 Wood Stains

Logiflex offers varnish and stain selection among the following 12 colors on all wood applications.

Knots and color variation can occur between different wood components of the same piece of furniture, or between different pieces of furniture. This variation is due to the natural characteristics of the wood, and is more contrasting for pale wood colors like Golden Wheat.

WW White Wash

GW Golden Wheat

SD Sand

AT Apricot

PN Pecan

BR Brandy

CT Chestnut

CF Coffee

ES Espresso

BO Bordeaux

BW Black Wash

BK Bark

When a wood color is chosen, all wood elements are the same color, the legs, the modesty, the apron and the wood insert grommet.

- Due to its natural properties of wood, grain pattern and finish color variation can be expected.
- Although Logiflex offers great matches from laminate to wood, they are not exact due to grain pattern and sheen variation from laminate to wood. They coordinate throughout a floor plan, however we recommend they not be utilized on the same piece of furniture. See the [Closest match - Wood stain / Laminate](#) guide.
- Adding a new product to an existing installation might result in color variations due to light exposure.

3 Felt Colors for Modesties

Felt modesties are 1" panels covered with felt, are offered in a choice of 3 colors.

BL Blue

LG Light Gray

DG Dark Gray

Monochrom Colors

The Monochrom colors, Carbon and Chalk are available on all Volt tables tops.

CBM Carbon

CKM Chalk

Note: It is not recommended to combine the following colors as they do not match:

- Carbon and Jet Black;
- Chalk and Polar White.

The Monochrom finish offers an ultra matte surface, low light reflectivity, anti-fingerprint finish and a soft-touch surface. This product can be easily cleaned and requires no special maintenance plan. In addition, the Monochrom finish is antibacterial and resists wear, abrasion, acids, bases and solvents.

- Matte finish, ultra-soft to the touch;
- Anti-fingerprints;
- Through-color core;
- Scratch resistant;
- Antibacterial.

For more information on the Monochrom finish, refer to the Material Data Sheet.

Metal Finishes

Metal finishes available for optional handles

CHR	Chrome
SN	Satin Nickel
BL	Black
BN	Brushed Nickel

Introduction

Appendix B: Surfaces and Edges

SERIES	PREVIEW	COMPONENT	MATERIAL	EDGES / MOLDING
VOZ		1" surface	1" High-density particle board with Thermofused laminate (TFL).	1.5 mm polyvinyl chloride (PVC)
VOMZ		1-1/16" surface	Monochrom high pressure laminate - 1" high-density particle board, 3/64" HPL sheet on surface, 3/64" balancing sheet under surface (prevents bending).	1.5 mm polyvinyl chloride (PVC)
		Front and back	Thermofused laminate (TFL) - 5/8" high-density particle board.	1.5 mm polyvinyl chloride (PVC) on showing surfaces and 0.5 mm polyvinyl chloride (PVC) on non-showing surfaces.

Appendix C: Wood Grain

Wood grain is vertical for all furniture fronts. See image below for wood grain direction placements.

Appendix E: Wood Insert with Grommet

The wood inserts with grommets consists of a wooden slat inserted the full depth of the table and pedestal tops. They can be positioned on the left or on the right.

Position on a table

Position on a pedestal

The color of the wood insert corresponds to that of the wood legs and apron.

Appendix D: Volt Handles

Wooden handles with knife edges are integrated into the doors and drawer fronts of Volt furniture that match the knife edges on the table and return tops. It is possible to change the standard wood handles for Logiflex's H071 and H072 Logiflex handles at no extra charge (subtract \$93 retail from pedestal price). The door and drawer fronts will then have a 1.5 mm vinyl edge and no knife edge.

Volt Handles

Logiflex Handles

Cutout for wires

The cutout for wires is offered on bridges and secondary desks.

Introduction

Appendix F: Secondary Desk Pedestals

There is great flexibility when it comes to the secondary desk pedestals. Choose among all the independent pedestal choices, taking into consideration the following specifications:

- 1) The width of the pedestal must be 30". A 30" pedestal may be used, or two 15" pedestals may be combined to make up the required 30" length.
- 2) The pedestal height must be 16"H.
- 3) The depth of the pedestal "A" dimension equals the depth of the desk that is ordered, either 20" or 24".

If a plug is ordered with the desk, you must also order a grommet in the pedestal.

Appendix G: Tops for Pedestals and Cabinets

Tops are ordered separately from pedestals. Many pedestal combinations are possible. Pedestals are 15", 18" 30" and 36" wide and may be configured in any combination desired. Tops are offered from 15" to 84" wide.

Appendix H: Utility and File Drawers

Utility Drawers

30" and 36" wide utility drawers have standard built-in dividers. When there are 2 utility drawers, only the top one has dividers.

Top View

Top View

File Drawers and Lateral File Drawers

File drawers can receive either legal or letter formats. Please refer to the illustration below.

Letter format

Legal format

*For solidity purposes, ensure all files are suspended.

Introduction

Appendix I: Locks

An optional lock can be added. It will be positioned in the center of the facade, 2-7 / 8 " from the top for pedestals and cabinets and in the corner of the door for wardrobes and vertical cabinets.

Appendix J: Drawer Fronts

The Volt collection drawer fronts are designed to look streamlined and to show off vertical lines only. The streamline aesthetics of Volt storage cabinets hide an array of features.

Appendix K: Electrical Wire Management Solutions

Electrical Wire Management in Storage Units

The pedestal construction can be adapted to include wire management options.

EM

2-1/2" round grommet in the base of the unit.

MGR

2-1/2" round grommet on the left and/or right.

Power Outlet Cutout

Power outlet cutouts are available as an option. They are located on the visitor side, user side or on each end. Twelve 6" long wire management molding strips are included to conceal wires under the surface of the table. Plugs are not included and are offered separately in the electrical accessory section.
