

Product Specifications

2-TOP ADJUSTABLE FLEX TABLE - LFL FLEX2SN & FLEX2BL

CONSTRUCTION

- 2 high-pressure laminate tops with rounded corners. 1" thick material construction.
- All product edges are heat sealed to ensure no raw materials are exposed and assist in preventing the infiltration of bacteria.
- Independent height adjustment of each surface. Surfaces are adjustable from 27"h to 37"h.
- Base is designed to allow maximum clearance to facilitate medical assistant duties.
- Table is equipped with both casters and height adjustable non-marking white nylon glides.

FINISHES

- Materials available: high-pressure laminate.
- Selection of 6 colors for the surface.
- Metal Finished in Satin Nickel or black.

DIMENSIONS

Overall dim.: 26"w x 48,75"d
Tops are adjustable from 27"h to 37"h
Tops dim.: 26"w x 24"d

OPTIONS

- Lazy Susan: table can receive a central swivel circular tray of 12" or 14" diameter.
- Straight fronts.
- Sliding action: Each top can be provided with independent mechanism for adjustability in depth in order to move tops forward. 1 mechanism per top is needed.

MANUFACTURING RESPONSABILITY

- Limited Lifetime Warranty.
- Products are manufactured in North America and comply with ISO9001 and Indoor Advantage Gold.
