

Product Specifications

FREESTANDING SCREENS, MILLENIUM - QSML 36FS60

CONSTRUCTION

- 1" thick fused laminate panel and base with heat-sealed 1.5 mm PVC edges so that no raw material is exposed to prevent the infiltration of bacteria and moisture;
- Screen is fixed to the base using a metal-to-metal assembly with JCB type mounting bolts and a JCN type nut, leaving the hardware exposed;
- Assembly of the base with screws and studs. Base on white non-marking and height adjustable levelers;
- Wood grain is horizontal;
- Assembly required.

FINISHES

- Selection from 1" thick laminate finishes from the Logiflex color guide and finishes.

DIMENSIONS

Overall dimensions: 36"L x 20"P x 60"H

Base dimensions: 24"L x 20"P

WARRANTY AND CERTIFICATIONS

- Limited lifetime warranty.
