Product Specifications

SHAKER WARDROBE CABINET WITH DRAWERS - LFS PEN9

CONSTRUCTION

- Metal to metal cam-lock and wood dowel construction for easy replacement.
- 3/4" thick material construction.
- All product edges are heat sealed to ensure no raw materials are exposed and assist in preventing the infiltration of bacteria.
- Top has bevelled edges and is made of seamless thermofoil 3/4" MDF panel. Top overhang is 3/8" on the sides and front of the unit.
- 1-door wardrobe: 1 safety garment rail under adjustable shelf.
- Open section with 2 adjustable shelves.
- 3 drawers: Interior has 5/8" white thermally-fused laminate bottom and back, with white metal sides and unobstructed tracks for partial extension.
- Drawer fronts and doors are made of seamless flat centered thermofoil 3/4" MDF panel with H160 full grip handles.
- The wardrobe is constructed with 2 vents to ensure good and adequate airflow.
- Sides go right to the ground and are equipped with height adjustable, non-marking glides. The front features a bevelled kick plate in seamless thermofoil 3/4" MDF panel.

FINISHES

- Materials available: thermally-fused laminate, thermofoiled vinyl, high-pressure laminate and linoleum.
- Selection of 6 colors and 3 full grip pulls available.

DIMENSIONS

24"d x 42"w x 72"h
24"d x 48"w x 72"h
